

MILLS IN NAVARRA

WATERMILL OF CAPARROSO

The Caparroso watermill had this function in the year 1848 when the young machinist bayones salvador Pinaquy Ducasse rented the mill to make a foundry furnace .

WATERMILL OF CAPARROSO IN THE YEAR 1894

Is the
oldest
industrial
building of
the city

SAN ANDRÉS WATERMILL

The San Andrés watermill is located between Villava and Huarte , at the confluence of the Arga and Ultzama rivers; in the fluvial park of the Arga and next to the hermitage of the Trinidad of Arre

WATERMILL OF VERGEL

It's currently a special education school. They work with children with Down syndrome and other mental disabilities, they also work with children with high capacities . It's very important that there are schools like these so that all children can have an education according to their abilities
